BNB's Mission & History:

Bikes Not Bombs uses the bicycle as a vehicle for social change to achieve economic mobility for Black and other marginalized people in Boston and the Global South. Each year we collect roughly 5,000 used bicycles and tons of used parts from our supporters around Greater Boston and New England. We ship most of these bikes overseas to economic development projects through our [International Partnerships](#) in Africa, Latin America, and the Caribbean. Bikes that don't get shipped are distributed in [Youth Pathways](#) where teens learn bicycle safety and mechanics skills in the process of earning bikes to keep for themselves. Our retail [Bike Shop & Training Center](#) also reconditions and sells some of the donated bikes that we receive, employing many graduates of our programs. The Shop's profit from the bicycle sales, parts sales, and repairs goes towards funding our youth and international work. BNB is 35 years-old and has an annual budget of \$1.3 million.
