Seeking Board Advisors

Bikes Not Bombs is seeking candidates to serve as board advisors. Board advisors provide guidance to the organization, participating in strategic planning and fundraising, and other responsibilities.

Racial equity is central to the mission of BNB and is highlighted in our 2025 Strategic Plan. We seek to more fully represent our community and constituencies, particularly Black and other marginalized people in Boston so as to amplify those voices ensuring equitable participation in the overall leadership and direction of the organization. We actively encourage people with a strong connection to our programs, mission, and the communities we serve to apply.

We are **currently recruiting folks who possess knowledge or expertise in the following areas: human resources, finance, fundraising, nonprofit leadership, management, and racial equity.** We know that there are many more skills that aren't on this list, but these areas are critical for developing an effective board of directors.

If you are interested in applying, please send an email describing your interest, and a copy of your resume to elijah@bikesnotbombs.org in order to receive an official application form.
